

Estimator / Project Manager Job Description

Davis Iron handles structural steel buildings. Davis Steel handles O.E.M. (Original Equipment Manufacturing) components.

The following benefits are offered to Full-time Employees hired by Davis Iron and Davis Steel: Health Insurance (complimented with a Health Reimbursement Account), Life Insurance, LTD Insurance, 401k with a percentage matching, paid vacation, and paid holidays.

ESTIMATOR:

- 5 years of experience or more in reading architectural and structural steel blueprints.
- Will need to take the steel off these drawings and prepare an estimate using our steel software package.
- Will need to continuously gather market information so that he will know where our prices will need to be.
- Will need to have an idea about how long it would take to fabricate specific steel items and to be able to give a time line for when various parts of a job can be delivered.
- Would need to develop a good working relationship with contractors and vendors, including steel detailing companies and steel erectors.
- **Non-Smokers only.**

PROJECT MANAGER:

- When a job is sold, he will need to manage the job from beginning to end.
- Will be the contact person on these jobs for our customers and vendors.

Rate: \$ _____ Depends on experience.

-
